

ARMAN RAKIB

Software Engineer | Backend

armanrakib61@gmail.com | +880 1727868832 | [GitHub](#) | [LeetCode](#) | [LinkedIn.com](#) | [Portfolio](#)

Dhaka, Bangladesh

SKILLS

Languages: Java, Python, C++, PHP, C#, GO
Frontend: Next.js, React.js, vite
Backend: Spring Boot, Express.js, ASP.NET Core, Laravel
Databases: PostgreSQL, MySQL, MongoDB, Redis
Core CS: Data Structures & Algorithms, OOP, System Design, Software Architecture
Tools & Cloud: Git, GitHub, Docker, kubernetes, Hibernate, Eloquent, Linux, AWS, CI/CD, Postman
Additional: REST APIs, Microservices, Authentication, Testing & Debugging, Performance Optimization

PROJECTS

MediCore-HealthCare | Vite, ASP.NET Core, MongoDB [Live Demo](#) | [GitHub](#)

- Developed healthcare platform with doctor **discovery**, **appointments**, medical **records**, chat, and consultations.
- Implemented secure **REST APIs**, **role-based access**, **real-time communication**, and scalable **MongoDB** models.

E-Commerce Platform | Next.js, Laravel, MySQL [Live Demo](#) | [GitHub](#)

- Built scalable **e-commerce** platform with authentication, product, order, and transaction workflows.
- Designed **REST APIs** and optimized relational data management using **Laravel** and **MySQL**.

ResearchHub | React, Express.js, MongoDB [Live Demo](#) | [GitHub](#)

- Built a research collaboration platform enabling users to **manage research projects**, **share resources**, **collaborate and organize academic workflows**.
- Designed modular REST APIs with **Express.js and MongoDB**, integrated with a responsive React frontend.

EXPERIENCE

Software Engineering Lead — University Software Project Team | 2023–2026

- Led software teams across multiple projects, driving architecture, development, code reviews, and technical delivery.
- Built scalable full-stack and backend systems with **Java, Python, TypeScript, Spring Boot, Laravel, and Next.js**.
- Implemented **REST APIs, RBAC, authentication, databases, caching, real-time features, and cloud deployment**.
- Mentored teammates and established effective **Git/GitHub and collaborative development workflows**.

Hackathons & Competitive Programming | Ongoing

- Participated in hackathons and programming contests, solving **algorithmic and real-world software engineering problems**.
- Developed rapid prototypes involving **backend APIs, full-stack applications, databases, and AI-powered solutions**.
- Strengthened **Data Structures & Algorithms, problem-solving, system design, debugging, and teamwork** skills.

EDUCATION

Bangladesh University of Business and Technology (**BUBT**)

Mirpur, Dhaka

B.Sc. in Computer Science and Engineering (CSE)
